Summary of Benefits

January 1, 2017 - December 31, 2017

This is a summary of drug and health services covered by Today's Options Advantage Plus 550B (PPO) and Today's Options Advantage Plus 150A (PPO).

Today's Options® PPO is a Medicare Advantage plan with a Medicare contract. Enrollment in Today's Options® PPO depends on contract renewal.

The benefit information provided is a summary of what we cover and what you pay. It does not list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, please request the Evidence of Coverage (EOC) by calling us or visiting our website. See back page for contact information.

Who can join?

To join Today's Options Advantage Plus 550B (PPO) and Today's Options Advantage Plus 150A (PPO), you must be entitled to Medicare Part A, be enrolled in Medicare Part B and live in our service area. Our service area includes the following counties in Maine and New York: Maine: Androscoggin, Aroostook, Franklin, Hancock, Kennebec, Knox, Lincoln, Oxford, Penobscot, Piscataquis, Somerset, and Waldo. New York: Cattaraugus, Chautauqua, Clinton, Columbia, Delaware, Essex, Franklin, Greene, Hamilton, Jefferson, Lewis, Monroe, Niagara, Otsego, Seneca, St. Lawrence, Steuben, Sullivan, Tompkins, Wayne, Wyoming, and Yates.

Which doctors, hospitals, and pharmacies can I use?

Today's Options Advantage Plus 550B (PPO) and Today's Options Advantage Plus 150A (PPO) are Preferred Provider Organization (PPO) plans. Our plans have a network of doctors, hospitals, and

other providers. If you use the providers in our network, you may pay less for your covered services. You can also use providers that are not in our network.

You must generally use network pharmacies to fill your prescriptions for covered Part D drugs. Some of our network pharmacies have preferred cost-sharing. You may pay less if you use these pharmacies.

For more information on our network of doctors, hospitals, pharmacies, and other providers, please call us or visit our website at www.TodaysOptionsPPO.com. See back page for contact information.

How will I determine my drug costs?

Our plans group each medication into one of five "tiers." You will need to use our plan's formulary (list of covered drugs) to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier and what stage of the benefit you have reached. Later in this document we discuss the benefit stages that occur: Initial Coverage, Coverage Gap, and Catastrophic Coverage.

GAP COVERAGE STAGE
 Most Medicare drug plans have a coverage gap (also called the "donut hole"). This means that there's a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches \$3,700.
 After you enter the coverage gap, you pay 40% of the plan's cost for covered brand name drugs and 51% of the plan's cost for covered generic drugs until your out-of-pocket costs total \$4,950, which is the end of the coverage gap. Not everyone will enter the coverage gap.
