**YOUR DRUG IS NOT ON OUR LIST OF COVERED DRUGS (FORMULARY)
OR IS SUBJECT TO CERTAIN LIMITS**

Dear <Member Name>:

We want to tell you that TexanPlus® HMO has provided you with a temporary supply of the following prescription: <list medication here>.

This drug is either not included on our list of covered drugs (called our formulary), or it's included on the formulary but subject to certain limits, as described in more detail later in this letter.

TexanPlus HMO is required to provide you with a temporary supply of this drug, as follows:

[Insert for members who do not reside in an LTC facility: In the outpatient setting, we're required to provide a maximum of [XX]-day supply of medication. If your prescription is written for fewer days, we'll allow multiple fills to provide up to a maximum [XX]-day supply of medication.] [Insert for members who reside in a LTC facility: For a resident of a long-term care facility, we're required to provide a maximum of [XX]-day supply of medication. If your prescription is written for fewer days, we'll allow multiple fills to provide up to a maximum [XX]-day supply of medication. (Please note that the long-term care pharmacy may provide the drug in smaller amounts at a time to prevent waste.)]

It's important to understand that this is a temporary supply of this drug. Well before you run out of this drug, you should speak to TexanPlus HMO and/or the prescriber about:

- changing the drug to another drug that is on our formulary; or
- requesting approval for the drug by demonstrating that you meet our criteria for coverage; or
- requesting an exception from our criteria for coverage.

When you request approval for coverage or an exception from coverage criteria, these are called coverage determinations. Don't assume that any coverage determination, including any exception, you

How do I change my prescription?

If your drug is not on our formulary, or is on our formulary, but we have placed a limit on it, then you can ask us what other drug used to treat your medical condition is on our formulary, ask us to approve coverage by showing that you meet our criteria, or ask us for an exception. We encourage you to ask your prescriber if this other drug that we cover is an option for you. You have the right to request an exception from us to cover your drug that was originally prescribed. If you ask for an exception, your prescriber will need to provide us with a statement explaining why a prior authorization, quantity limit, or other limit we have placed on your drug is not medically appropriate for you.

How do I request a coverage determination, including an exception?

You or your prescriber may contact us to request a coverage determination, including an exception. <Provide the necessary address, fax number, and phone number>.

If you are requesting coverage of a drug that is not on our formulary, or an exception to a coverage rule, your prescriber must provide a statement supporting your request. It may be helpful to bring this notice with you to the prescriber or send a copy to his or her office. If the exception request involves a drug that is not on our formulary, the prescriber's statement must indicate that the requested drug is medically necessary for treating your condition because all of the drugs on our formulary would be less effective as the requested drug or would have adverse effects for you. If the exception request involves a prior authorization or other coverage rule we have placed on a drug that is on our formulary, the prescriber's statement must indicate that the coverage rule wouldn't be appropriate for you given your condition or would have adverse effects for you.

We must notify you of our decision no later than 24 hours, if the request has been expedited, or no later than 72 hours, if the request is a standard request, from when we receive your request. For exceptions, the timeframe begins when we obtain your prescriber's statement. Your request will be expedited if we determine, or your prescriber tells us, that your life, health, or ability to regain maximum function may be seriously jeopardized by waiting for a standard decision.

What if my request for coverage is denied?

If your request for coverage is denied, you have the right to appeal by asking for a review of the prior decision, which is called a redetermination. You must request this appeal within 60 calendar days from the date of our written decision on your coverage determination request. We accept standard requests by phone and in writing. We accept expedited requests by phone and in writing. <Provide the necessary address, fax number, and phone number>.

If you need assistance in requesting a coverage determination, including an exception, or if you want more information about when we will cover a temporary supply of a drug, contact us at 1-866-230-2513, 8:00 a.m. to 8:00 p.m. in your local time zone (TTY users call 711) 7 days a week. Live representatives are available 8:00 a.m. to 8:00 p.m. in your local time zone, 7 days a week. You can ask us for a coverage determination at any time.
